Jesse's Pre-Sailing Sprint

April 28 - May 6, 2026

Prepared: April 25, 2026 — Author: Junior

Purpose: Everything Jesse needs to do personally before the ropes go up on May 7. One doc. Sequential.

MONDAY APRIL 28 — Sprint Day (2.5 hours)

These are Jesse-only. Cannot be delegated. Do in this order.

#	Task	Time	Notes
1	**Qwilr — Ships A Lot**	5 min	Susan has been waiting since Apr 24. Sign it first, nothing else. shipsalot.qwilr.com/Modern-Savage-aHwI1CSkQd6q
2	**UKIPO £265**	10 min	ipo.gov.uk / Login: Savage2026! / Pay MODERN SAVAGE application
3	**Kylee MacArthur reply**	2 min	"Kylee - please proceed. Send me the engagement letter." (Re: USPTO MODERN SAVAGE, ~$2,500)
4	**WhatsApp Calvin x2**	3 min	(1) "Mate — contracts for Wildernests, Ted's and Modern Savage were due Thursday. I'm off from tomorrow. What's the hold up?" / (2) "Email 1 to the 170 waitlist needs to go this week."
5	**Call Rick Landman**	2 min	+447624277888. 30 seconds. Releases your April invoice. He called Apr 24 while you were on set.
6	**WhatsApp Raemy**	2 min	"What entity are we using for Modern Savage Stripe — did we resolve the US structure question?" Then set up Stripe once she replies.
7	**Stripe setup**	90 min	Only start after Raemy confirms entity. Full guide: docs/modern-savage-stripe-setup-guide-2026-04-24.md
8	**Call Charles Robinson (Water2)**	30 min	Prep: docs/water2-call-prep-2026-04-25.md. Opening: "Bear is proud of what you've built." One must-ask: "What's your ARR today?"
9	**Wildernests 3D feedback to Calvin**	5 min	WhatsApp Calvin your thoughts on the 3D rotation. It feeds Gunnar's UHNWI teaser video — not a content nicety.
10	**Forward CJ and Olly handover**	5 min	CJ: docs/cj-handover-brief-2026-04-25.md / Olly: docs/olly-handover-brief-2026-04-25.md

	briefs		

If something slips: Qwilr, UKIPO, Kylee, Calvin WhatsApps are sub-5 minutes each — nothing on this list is a real excuse to skip them.

TUESDAY APRIL 29 — Officially Off (but two calls are in the diary)

Jesse said he's off from Tuesday. These were accepted before you declared it closed.

09:00-09:45 — Ted's Health Catchup (Thomas Filmer, Google Meet)

CJ is covering. No action needed from Jesse unless CJ flags something urgent.

13:00-14:00 — EBG/BGV Biweekly Zoom (Em Lovell, Zoom)

CJ is covering. No action needed from Jesse unless FOX Creator Network economics get tabled — in that case CJ holds position: "Jesse and Bear are looking at this together."

What Jesse can ignore Tuesday through Friday: Emails (Olly handles), Ships A Lot Slack (Olly joining), all press or Modern Savage media enquiries (hold for Jesse), Mytwyn financials (acknowledge, no deal discussion).

WEDNESDAY APRIL 30 — One Thing

17:00-17:45 — Wildernests/BCG Weekly Call (Gunnar, Alex)

CJ is covering and emailing Gunnar before April 28 to flag Jesse is off.

No Jesse action needed.

THURSDAY MAY 1 — One Watch Item

Calvin Email 1 — confirm it went

Calvin should send Email 1 to the 170-person Modern Savage waitlist by today. Check your WhatsApp briefly to confirm. If not done, WhatsApp Calvin directly: "Email 1 — has it gone?"

If Calvin doesn't respond, CJ chases (it's in his brief).

SUNDAY MAY 4 — Two Things Before the Call

Bear WhatsApp — send this before 13:00

Jesse should send Bear this message before the EBG Zoom:

> *"Bear — May 4 EBG catch-up today. Want to make sure we're aligned on the Creator Network economics before the call. It's a live commercial question and I don't want EBG getting a BGV*

> *answer before you and I have talked. 10 minutes before 3? I can call you."*

Why this matters: The FOX Creator Network is a $35-81M annual media value dispute. EBG is claiming revenue participation. CJ is pushing back saying the consulting agreement doesn't support it. Bear told Jesse he wants Jesse involved before BGV takes a position. The May 4 call may surface this. Jesse and Bear need to be singing from the same sheet.

15:00-16:00 — EBG/BGV Biweekly Zoom

Jesse attends personally. This is not optional — the FOX Creator Network economics dispute is live and Bear wants Jesse in the room.

What to say if EBG raises the network economics:

- "Bear and I are looking at this together. You'll hear from us jointly on our position."
- Do NOT engage on revenue percentages, consulting scope, or what the agreement says.
- Do NOT let CJ's position become Jesse's default position on the call.

What to say if EBG raises Modern Savage investment:

- "We're very open to that conversation. Let's talk properly after I'm back from sailing. I want Bear in that discussion too."
- Do NOT discuss pre-money valuation, equity percentage, or deal structure.

MONDAY MAY 5 — Light Day

Coffee: Jesse with Tom Inskip + Alice Driscoll

Jesse handling this himself. Tom is Alfred's founder. This is the relationship build after the pitch letter. No agenda required — Jesse knows what he's doing here.

If Taki Dermedgoglou (Tattarang) responds to Bear's April 23 intro:

Don't engage on deal terms. Standard holding reply via Olly. Taki gets warm acknowledgment and a "Jesse back May 21" note.

TUESDAY MAY 6 — Day Before Sailing (Night-Before Checklist)

Before the ropes go up, confirm:

☐ Calvin contracts signed (Wildernests, Ted's, Modern Savage) — CJ confirms status

☐ Stripe live with payment link working

☐ Email 1 sent to the 170-person waitlist

☐ Olly has joined #modern-savage Slack

☐ Bear has signed the BEAR logo NIL Agreement (CJ confirms via Em Lovell)

□ modernsavage.com acquisition initiated (CJ confirms he's contacted GoDaddy/Sedo)

□ Olly is copied on Metricool review requests from Calvin from May 7

If domain acquisition is not initiated by today: Call CJ. This is the one item that has a hard deadline (June 24 expiry, one week before launch).

WHAT JESSE DOES NOT NEED TO DO BEFORE SAILING

- Modern Savage content, briefs, or strategy — all built
- Running Wild social posts — Calvin submits, Olly approves from May 7
- Water2 follow-up in writing — do after the call, before sailing
- Reply to Benjamin Simon / EBG — hold for May 21 (Olly acknowledges if he emails again)
- Mytwyn deal terms — hold for May 21 (Olly acknowledges Zain's model update)
- DOAC/Bear Bartlett pitch — timing is June, not now
- BPS Hub call — CJ handles exploratory call if Sam Cotton responds

SAILING WINDOW (May 7-21) — FOR REFERENCE

Jesse is at sea. Olly handles all comms. CJ handles all business decisions. Junior monitors.

Three things that would justify a Telegram to Jesse at sea:

1. modernsavage.com goes to auction before June 24 without a deal

2. Calvin walks or holds content hostage

3. A press story breaks about Modern Savage before launch

Everything else holds until May 21.
